BUCS and MEDIA GATEWAYS

Business Unified Communication Solutions

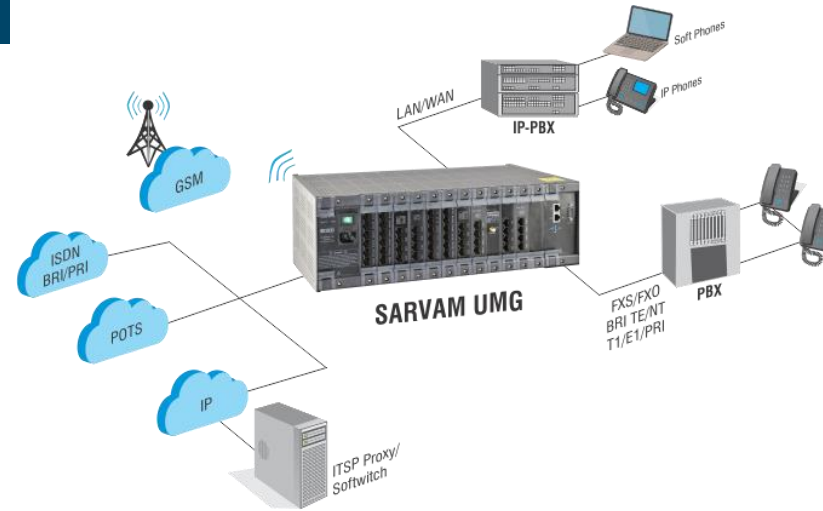

Today's dynamic enterprise environment requires smarter communication solution for diversified roles of employees. Flexible device usage and round-the-clock connectivity is the need of an hour of Mobile workforce for consistent in-office experience while working from home, between appointments or on the move. Increasing competition, flexible work places and timings thrives the need of more collaborative communication solutions for in-office and mobile workforce. With Collaboration and Mobility as the key aspects of business communications, the term "Unified Communication" has been evolved.

Products Range

SARVAM UCS SME
SARVAM UCS ENT

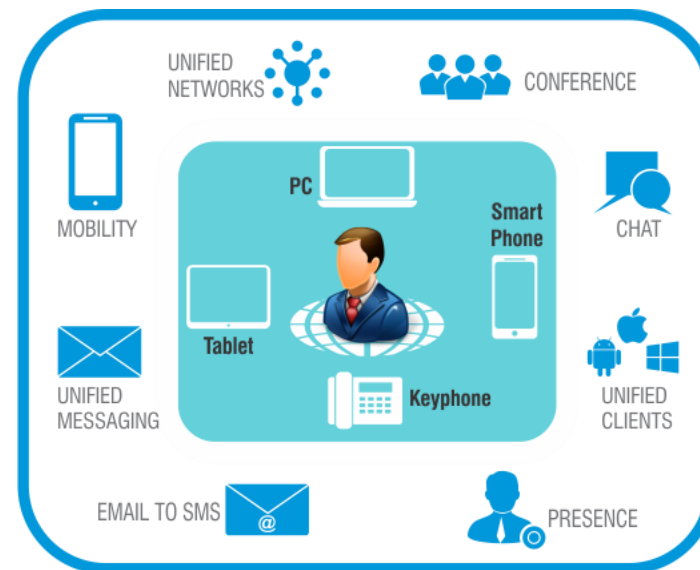

Matrix SARVAM UCS

Matrix SARVAM UCS is an enterprise-grade Unified Communication solution that offers Collaboration, Communication, Messaging and Mobility. Matrix SARVAM brings diverse users from multiple locations to a common platform for real-time collaboration and communication. The users have options of using either Matrix SPARSH desk-phones or Matrix VARTA applications on their smartphones-tablets (Android/iOS) of their choice.

Universal Media Gateway

Matrix SARVAM UMG is a Universal Connectivity Media Gateway offering connectivity to VOIP, GSM/3G, T1/E1 PRI, ISDN BRI and POTS networks on a single platform. Matrix SARVAM UMG links an organization's existing infrastructure to the new age communication networks ensuring right connectivity and least cost for each and every call. The gateway is an ideal solution for workplaces such as call centers, ISP, ITSP, wholesale terminators and organizations experiencing high call traffic on per day basis.

Universal Network Connectivity for Office Phone System

Universal Network Connectivity a Single Platform
Any-to-any Network Call Routing
Industry Standard Network Protocols and Signalling Support

UNITED COMMUNICATIONS CLIENT

Varta WIN200

Matrix presents VARTA WIN200 - The UC Client, redefining communication experience with its variety of collaboration features and intuitive user interface. Powered by MATRIX SARVAM UCS - Unified Communication solution, VARTA WIN200 empowers users to switch or extend the extension to their desktop computer. It offers real-time features such as Video Calling, Presence Sharing, Instant Messaging, Drag-and-Drop Conference and BLF Keys (up to 600). The VARTA WIN200 elevates communication effectiveness and business productivity to the next level."

Further, Matrix takes mobility experience a notch higher with VARTA ADR100/VARTA AMP100 – the UC Client. Powered by Matrix SARVAM UCS, the softphone enables users to access all the facilities of their desk phones from their Android or iOS based smartphones or tablets.

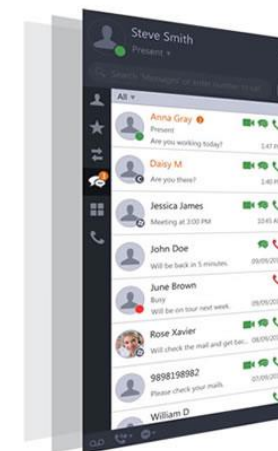

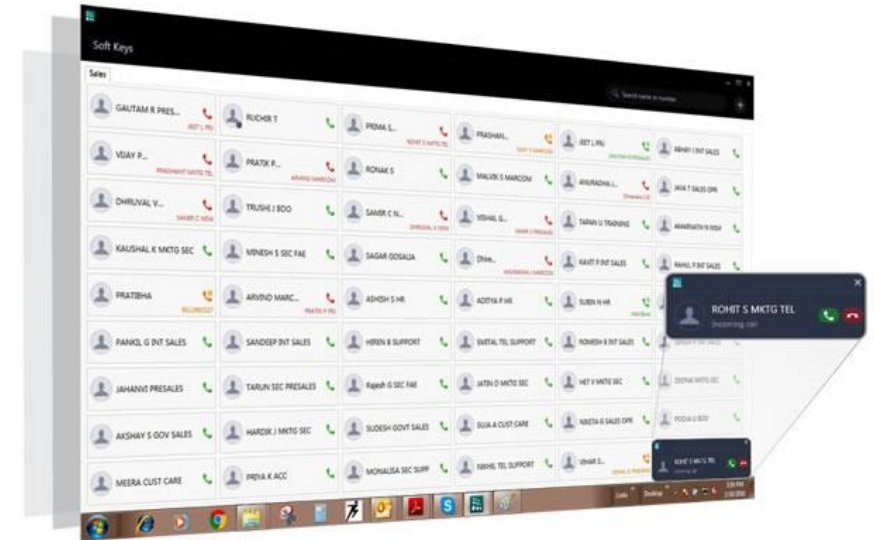

Application and Benefits

- Call Management made easy
- Increase staff productivity with Real-Time UC Features
- Invest in your collaboration solution for Lower TCO and Higher ROI

Key Features

VARTA WIN200 brings all of your communication needs together in a single client making it an easy solution for users. With Corporate Directory Integration and Pop-up Notification, VARTA WIN200 empowers users to switch or extend extension to desktop computer.

VARTA WIN200 provides flexibility by allowing users to access services at any time in any place.
